

The Robison Foundation for Jewish Elders is committed to supporting initiatives that address the challenges facing Jewish elders in Greater Portland and Southwest Washington. In addition to our annual grants, the Foundation will allocate approximately \$20,000 each year to sponsor a limited number of events that further our mission and align with our vision and priorities. Together, we can positively impact the lives of local seniors and thereby improve the well-being of our community as a whole.

Eligibility Checklist:

- Only registered nonprofit, charitable, or community-based organizations in the Greater Portland or Southwest Washington area will be eligible.
- Applicants must demonstrate the benefit the event intends to achieve, and that benefit must align directly with the Foundation's mission to enhance the lives of elders in our Jewish community by supporting their social, spiritual and physical well-being.
- Robison Foundation does not provide sponsorship for individuals, for-profit events or businesses, political campaigns or lobbying efforts, or events misaligned with our values or strategic direction.

If your organization or event does not meet these criteria, we kindly request that you do not proceed with the application.

Sponsorship Guidelines

- Typical sponsorships range from \$500 to \$1,000 per event. The total value of all sponsorships awarded annually will not exceed \$20,000.
- Only one request per organization will be considered per calendar year. Organizations creating multiple events are asked to identify the single event with the greatest need.
- Sponsorships cannot be awarded retroactively.
- Event sponsorship in one year does not guarantee sponsorship in subsequent years.
- The IRS defines sponsorships differently from grants; therefore, each request must also be accompanied by a sponsorship benefits listing so the foundation will be in compliance.

How to Apply

- Submit a completed Sponsorship Request Form via email or the Foundation's online form.
- Requests must be submitted **at least 6 weeks prior to the event date.**
- Applications will be reviewed on a rolling basis, depending on volume and available funds.
